KP	SAHS TRAINING PAGE
	Directions:
	Welcome to the KPSAHS Training Pagel
	Whether you are new or returning, an employee or student, we welcome you back to our KPSAHS Training Page.
	On this page you will find common required training modules for your position. Only the training modules that are relevant to your position will be available.
	Completion of most modules will be tracked individually in the KPLearn database, but as a convenience you can manually checkoff a module to help you keep track of which trainings you have completed. Please be aware that manually checking off a module on this page will not record completion in KPLearn.
	Where noted below you will need to print out your certificate of completion for some modules. Please make sure to give this certificate of completion to your manager.
	Please contact your manager with questions or concerns. He or she can then direct you to the correct resource.
	Note: Please make sure your pop-up blocker is turned off as clicked links will show in new browser windows.
	Rews forum
	Welcome to KPSAHS
	The course goal is to familiarize the user to KPSAHS. This course introduces the history of the school, affiliated entities, school accreditation, LMS/website orientation, benefits election and a who's who for on campus roles.
	General Compliance Training for New Employees
	The course goal is to introduce new employees to the role of compliance at Kaiser Permanente that meet the completion requirements of HR National Policy #12: Compliance Training. This course introduces compliance topics including the Principles of Responsibility, CMS requirements, privacy and information security topics, fraud control, and reporting compliance, fraud, and Medicare concerns.
	Click hare to access "General Compliance Training for New Employees"

4. You will now be asked to verify your NUID and NUID Login from Step 1.
